**Vale Lorna Payne and Kevin Piercy**

**Lorna was the widow of late Life Member Alan Payne, and has therefore been a member of the Club since its second meeting 49 years ago.**

**Kevin has also been a long term member.**

**The Club was represented at both funeral services, and extends its sincere condolences to both families.**

|-------|-----------|------------------------------------|

**MOVED** Barry Garment, Peter McQuie That inwards correspondence be received and outwards endorsed. **CARRIED**

**TREASURERS REPORT**

**MOVED** Chris McQuie, Mal Westcott That the attached Treasurer's Report be adopted **CARRIED**

**Club Events Past****SAT MAY 20<sup>th</sup> FALCON GT NATIONALS BATHURST**

Chris McQuie attended, along with 12 Phase III and one Phase IV GTHO. Reportedly over 400 Falcon GT's attended.

**SUN MAY 21<sup>st</sup> NHMD COWRA & FORBES**

Seven members took part in the run to Eugowra, with a couple going on to Forbes. Although the strong attendance from surrounding Car Clubs coincided with a stopover by a Charity Bash run caused concern about overcrowding when first known about, on the day Eugowra just looked very busy, and catered well for all those who were present.

**FRI – MON 9<sup>th</sup> -12<sup>th</sup> JUNE CHMC RALLY**

Trevor gave a detailed report on the Rally, and the circumstances around which he unexpectedly had to perform urgent maintenance on the TS1600 so that it could be awarded best '70's car.

**Club Events Proposed****SAT 17<sup>th</sup> JUNE MANILDRA MOVIES**

The movie is "Fisherman's Friend: One and All" a very recent release.

Screening will commence at 1.30pm, and will be followed by an afternoon tea, which will be an additional cost above that of the entry to the movie.

**SAT 19<sup>th</sup> AUGUST TRUCK AND TRACTOR SHOW TRANGIE****SUN 20<sup>th</sup> AUGUST SWAP MEET BATHURST****SAT 2<sup>nd</sup> SEPT MOTORFEST DUBBO**

**MOVED** Arthur Parker, Hedley Nicholson That these be approved as Club Runs.

**CARRIED****GENERAL BUSINESS****PIZARRO TRIBUTE**

This is scheduled for 11.00am Wednesday 14<sup>th</sup> June.

The Tribute will consist of John's Morris Minor ute, with one of his Championship Karts mounted above, with a text summary of his achievements, some of his trophies, and granted a "permanent" tribute in the Museum..

There have been a couple of Club dollars spent on this.

Parkes Shire Council has indicated that it will award John the "Star of Parkes" a symbolic honour, inspired by the tradition of presenting the 'Key to the City', and is awarded by Parkes Shire Council to local citizens who have made a significant contribution to their chosen field. Cr Neil Westcott, a couple of Councillors, members of John's family, some close friends, and Club members, will be present to receive the tribute. State MP Phil Donato has been invited to be present. The Club will be providing a cuppa and bickie afterwards.

***SWAP MEET***

President Phil advised that the area we have occupied for the past few Swaps will be used by Council for a stormwater works lay down area and would not be available to us.

Considerable discussion followed, including matters such as:

- Availability of an alternative area,
- Assistance with temporary perimeter fencing,
- Challenges with combining the CWCC Car Show and PAMC Swap on a single ticket.
- Relocating to Parkes Showground,
- Decline in both general attendance and motoring merchandise at Swap Meets generally,
- Consideration of alternative fund raisers for the Club.

**MOVED** Peter McQuie, Bruce Chatman That the Club does not proceed with the 2023 Swap Meet

**CARRIED**

**MOVED** Peter McQuie, Bruce Danson That the Club send a Letter of Demand to *Australian Fair Grand Concert Organ* requesting return of the \$1000 deposit paid for a service not rendered.

**CARRIED**

***FIRE STATION***

President Phil advised that the Club now has keys to the Old Fire Station. There will be a need for some working bees to tidy the site, and members are encouraged to think of ways that the site can be used to produce an income stream.

**RAFFLE Donor** Mal Westcott ***Won By*** Chris McQuie ***Next Donor*** Arthur Parker

**MEETING CLOSED** 8.44pm

**NEXT MEETING** Tues July 11<sup>th</sup> At ***HPC PARKES*** Commencing 7.30pm

***PAST EVENTS***

**FRI – MON 9<sup>th</sup> -12<sup>th</sup> JUNE**

***CHMC RALLY***

Five members made the trip to Wagga to find that the CHMC Rally had attracted 184 entries, ranging from a 1912 Overland to a 1990 HSV SV5000. I couldn't get all our 5 vehicles in the one spot at the one time, but we managed to sit at the same table for the final evening and Presentation Dinner

The Rally centred around three general activities: A run to Coolamon on Saturday; the display and judging on Sunday morning; and self drive tourist visits in between and after.

Some of the award winners follow:

## WED 14<sup>th</sup> JUNE      **JOHN PIZARRO TRIBUTE**      **MOTOR MUSEUM**

As mentioned at the June Meeting, members of the Club Executive have been working “behind the scenes” to create a “community tribute” to Club member and Karting legend John Pizarro, who is Parkes’ highest achieving sportsman,

Every now and then, a long established family is permanently recognised locally by having a street or park named after them. I humbly confess to be amongst those, as a street in Fairfield West NSW is named after the Garment family, who were pioneers in development of the community.

Executive members, prodded by Scott Mann, realised that, despite the National and Worldwide honours bestowed on Club member John Pizarro, many in the Parkes community would not be aware of his achievements, because there is no tangible local evidence or tribute.

So, when Scott drew this to our attention, we decided to do something about it.

The Club has assembled a Tribute to John in the Parkes Motor Museum.

The Tribute comprises John’s 1955 Morris Minor Ute, a vehicle he acquired because it was identical to his personal transport when he started his Karting career. In a humble Morrie ute he transported a wife and child in the front and two Karts, spare parts and tools in the back to race tracks.

On the Morrie is mounted a DAP Kart in which John competed successfully overseas on many occasions. The display also includes three of John’s trophies, a text summary of his career, and the incredible photo of him airborne in a twin motor “Sprinter” Kart (of his own design and manufacture), coming over a crest at Toowoomba at 100mph...that’s right! **100 MILES per hour!** (Cover photo on April 2023 Crank Torque)

Many will recall that the Morris Minor was John and Marilyn’s Club vehicle some years ago.

The Tribute was displayed to John and his family at a small celebration on 14<sup>th</sup> June at which Local Member Phil Donato paid a fitting tribute, and Parkes Shire Council’s Deputy Mayor, Neil Westcott, presented John with the Star of Parkes, the highest locally bestowed award.

**WHY IS JOHN PARKES' HIGHEST ACHIEVING SPORTSMAN?**

- John started racing at 19 years old in a homemade Kart fitted with a small motorcycle engine.
- In 1968 won his first National Championship at Sunnybank Qld, and in 1977 won the International Championships in Orange, completing the race a whole lap ahead of the next finisher. Relatively, this compares with Peter Brock's 1979 Bathurst 1000 win, where Brock finished 6 laps ahead of the field.
- He eventually won 15 Australian Championship titles across several classes.
- In 1975 he commenced racing overseas, racing five times in Hong Kong and New Zealand, three times in Japan, twice in France, and in America, Philippines, Italy, Germany, Portugal and Belgium; competing in five World Championships overseas.
- During the 1970's he was in the DAP works team with two of the greats of world Karting – Terry Fullerton and Ayrton Senna, and in 1978 he won the International Team Race at the Japan Kart Grand Prix with Graham Powles and Howard Heath, setting the track record in the process.
- His racing career spanned over 30 years, and has never raced anything but Karts, choosing to focus on the entry level race category and get the most out of it.
- His contribution to Karting continued well after his retirement from active competition, being a Track Inspector for Karting NSW and Karting Australia.
- He was involved in the design and/or accreditation of many Kart tracks including Numurkah; Dubbo; Orange; Grenfell; Raleigh; Port Macquarie; Griffith; Wagga Wagga.
- From the 1980's and into the 1990's he turned his attention to training young drivers on tracks around the Central West.
- He designed, manufactured, and sold 2500 "Sprinter" Go Karts from his premises in Parkes.
- In 2017 he was inducted into the Australian Motor Sport Hall of Fame.

A more detailed summary of John's achievements in both Karting and in the Parkes Community is included on the tribute in the Parkes Motor Museum.

The Club is honoured to have John as a member, even though his Karts can't have HVS Rego!

Pictured is John, with wife Marilyn, daughters Kristine (twice Australian Ladies Kart Champion) and Narelle; Deputy Mayor Neil Westcott, Cr Marg Applebee, and Local Member Phil Donato.

**SAT 17<sup>th</sup> JUNE****MANILDRA MOVIES**

The movie was “*Fisherman’s Friend: One and All*” a very recent release.

Although a number of members were present, no photographic evidence is available.

However, it was a most enjoyable movie with no violence, murders, car chases/crashes, steamy sex scenes or obnoxious characters being rude or abusive to others.

**THU 22<sup>nd</sup> JUNE****PARKES’ OLD FIRE STATION**

Some of the Club’s Executive are pictured at the handing over of the keys of the former Parkes Fire Station to the Club from Scott Tucker, of the NSW Dept of Planning and Environment, and Craig Gibson, Captain of Parkes Fire and Rescue. Behind them, and in the old Station’s driveway, is the Club’s 1926 Garford.

Our Garford is the same as the first motorised Fire Appliance to be stationed in Parkes, when the former Station was opened in 1924.

*The Department’s media release is reproduced below.*

**OLD PARKES FIRE STATION GETS A NEW LEASE ON LIFE**

The NSW Government is giving the old Parkes Fire Brigade building a new lease on life as a fire brigade museum by appointing the Parkes Antique Motor Club as crown land managers.

The Parkes Antique Motor Club plans to revive the site as a museum to be opened to the community on special occasions, and on request of visiting tourist groups in consultation with Parkes Tourism.

The Parkes Fire Brigade has a colourful history dating back to 1878 when it was first formed with a board of control headed by the town mayor, with a shed building erected in 1879 at the rear of the local courthouse to store fire brigade equipment.

The town’s first fire brigade station was built on land owned by the justice department and then a new, larger station was completed in 1924 at a cost of £1,564 at the corner of Court and Hill Streets. In 2017 it was announced Parkes would get a new state-of-the-art fire station with two engine bays, which was completed in 2020 behind the former station that will now serve as a museum.

Crown Lands in the Department of Planning and Environment has appointed the motor club as the Crown land manager for the Want Street reserve on which the 1924 former station is located.

***Minister for Lands and Property Steve Kamper said:***

“Crown land reserves play an important role supporting communities with everything from space for museums to parks, sporting ovals, showgrounds and community halls.”

“Everyone loves their local fires so it’s great the old Parkes fire station will get a new life telling the local brigade’s stories from the past 145 years.”

***Member for Orange Phil Donato said:***

“The Parkes Antique Motor Club and its members has a large number of vintage fire trucks, ranging from a 1924 Garford to a 1949 Dennis truck, as well as various brigade memorabilia like brass helmets, uniforms and equipment, so the museum will be a fantastic addition for the town.”

“The club also plans to develop its relationships with other fire brigade museums to explore options for potential inter-museum loans of equipment to keep collections dynamic for locals and visitors.”

***Parkes Antique Car Club President Phil Dixon said:***

“The old fire station is a beautiful building and all of our members are very enthusiastic and happy to be able to showcase our historic equipment there to do something positive for the town.”

***NEXT CLUB EVENTS***

**SUNDAY JULY 16<sup>th</sup>**

***CLUB RUN***

***NARROMINE AIR MUSEUM***

Depart HPC at 10.00am for a run to Narromine Aviation Museum.

Although a few of us were there a few years ago, there have been some significant changes since and work is still being done.

Many people are surprised to learn that flying at Narromine started as early as 1919. Australia ‘s oldest regional aero club, which is still active, was formed there ten years later.

As a Seniors group, entry will be \$8.00 per person.

Lunch will be either BYO or shop in Narromine. No food is allowed in the Museum, so we will need to either eat before we enter, or after we’ve come out.

Joyce will be taking numbers at the coming meeting.

**SATURDAY JULY 22<sup>nd</sup>**

***GOLDEN OLDIES TRUCK CLUB VISIT***

Members of the Golden Oldies Truck Club will be visiting Parkes, to have a squiz at our Museum and Phil’s collection.

- Outline arrangements are:
- Arrive at Museum 9.00am
- Visit Phil’s collection after Museum visit
- Sausage Sizzle lunch at Phil’s

All members welcome at Phil’s and he’ll be providing the sausages. Maybe members that join in could provide a slice?

**SATURDAY AUGUST 19<sup>th</sup>**

***TRUCK AND TRACTOR SHOW***

***TRANGIE***

Forewarning about this event. If we are taking part as a Club group, we should have some idea about how many are likely to be attending at the coming meeting so that preliminary site arrangements can be sorted.

**SUNDAY AUGUST 20<sup>th</sup>**

***SWAP MEET***

***BATHURST***

Same considerations as for Trangie Truck and Tractor Show

## TUES & WED AUGUST 29<sup>th</sup> -30<sup>th</sup> PARKES SHOW

Whilst the Annual Parkes Show is about 7 weeks off, we need to start thinking about what kind of display we intend mounting. In just because a bit under 3 weeks from the August Meeting we'll need to start work on what we actually decide to do.

On past occasions, we've received an award for what we've done at the Show, so let's see if we can do it again!

### AND BEYOND THAT?

The Events Committee has looked at a number of potential activities for the near future.

Possibilities include:

- Day trip to RFDS at Dubbo in about September,
- An overnight stay for Millthorpe Garden Ramble 4<sup>th</sup> and/or 5<sup>th</sup> November.
- A *Silo Art Tour*, which would probably require overnight stays for two nights or more
- A Camp Oven and Bonfire at Adavale Hall,
- A visit to the Moxey Dairy.

Remember that the January Club meeting recommended that Club Registration Day be 18<sup>th</sup> November this year.

Think about these, even to being prepared to discuss them at a meeting. And if you have other thoughts about what we, as a Club, may be able to do, bring them to the attention of a member of the Events committee.

### INSURANCE CONSIDERATIONS

The Club pays around \$1000 each year for insurances, but not much of what we're covered for as a Club is geared towards compensating Club members for incidents that may happen to them as individuals. The Club has three policies, and in general terms these are mainly providing cover against legal actions initiated from individuals or organisations outside the Club:

#### ***General Liability***

This cover is tailored for declared Historic Motoring Clubs.

It indemnifies ***actions against*** the Directors, Office Bearers, Committees, Members, Volunteers, Team Members responsible for Merchandise Sales, and any Participant or Driver or Passenger participating in a Club Event and/or an authorised supporting event.

Activities covered include club meetings, non-timed tours of any durations, show & shine days, static displays, picnics and other social functions, day trips, planned trips, fund raising/volunteering activities, swap meets & assisted community events.

#### ***Management Liability***

This Insurance protects individuals and the organisation in relation to the various exposures associated with managing a Club. It protects the directors and officers against claims resulting from management decisions. This coverage can protect directors and officers if they are accused of management errors or improper conduct by providing for the legal costs and potential losses suffered through lawsuits.

#### ***Voluntary Workers or Personal Accident***

This policy offers certain protection to volunteers while they're "on the job". Amongst other things, it covers: accidental death, permanent disability lump sum payments, weekly loss of income benefits, non-Medicare medical expenses, etc

***Damage to or by vehicles is not covered by any of the Club's policies. Claims against these are the responsibility of the vehicle's insurer, a good reason to ensure that your Vehicle Insurance (Comprehensive or Third Party Property) remains current.***

# THE DINKUM OIL # 23

*A drop from the Council of Heritage Motor Clubs to keep you going*

## Operating Heritage Australia How much carbon does your historic vehicle emit?

On the table find where your vehicle's km/year intersects with its fuel consumption to find CO<sub>2</sub> emitted in kg.

e.g. Based on the latest FIVA survey, **Australian historic cars travel, on average, around 1200 km/yr and, if we assume a 14L/100km (20mpg) fuel consumption, then the amount of carbon dioxide produced is 504kg for the year.**

|                                  |     | Road Motor Vehicles                  |      |      |      |      |      |      |
|----------------------------------|-----|--------------------------------------|------|------|------|------|------|------|
|                                  |     | kg CO <sub>2</sub> Produced per Year |      |      |      |      |      |      |
|                                  |     | km driven per year                   |      |      |      |      |      |      |
|                                  |     | 500                                  | 1000 | 1200 | 1500 | 2000 | 2500 | 3000 |
| Average fuel consumption L/100km | 3   | 45                                   | 90   | 108  | 135  | 180  | 225  | 270  |
|                                  | 4   | 60                                   | 120  | 144  | 180  | 240  | 300  | 360  |

|                                  | 10  | 150                                  | 300  | 360  | 450  | 600  | 750  | 900  |
|                                  | 11  | 165                                  | 330  | 396  | 495  | 660  | 825  | 990  |
|                                  | 12  | 180                                  | 360  | 432  | 540  | 720  | 900  | 1080 |
|                                  | 13  | 195                                  | 390  | 468  | 585  | 780  | 975  | 1170 |
| 14                               | 210 | 420                                  | 504  | 630  | 840  | 1050 | 1260 |      |
| 15                               | 225 | 450                                  | 540  | 675  | 900  | 1125 | 1350 |      |
| 16                               | 240 | 480                                  | 576  | 720  | 960  | 1200 | 1440 |      |
| 17                               | 255 | 510                                  | 612  | 765  | 1020 | 1275 | 1530 |      |
| 18                               | 270 | 540                                  | 648  | 810  | 1080 | 1350 | 1620 |      |
| 19                               | 285 | 570                                  | 684  | 855  | 1140 | 1425 | 1710 |      |
| 20                               | 300 | 600                                  | 720  | 900  | 1200 | 1500 | 1800 |      |

As a comparison:

- A human breathes out around **240kg CO<sub>2</sub> per year.**
- A medium-sized dog produces (breathing and food) **700-800kg CO<sub>2</sub> per year.**
- A typical electric car driving 10,000 km per year and charged from the grid produces around **1150kg per year.**

Politicians decision-makers, and the general public need to know that the contribution of historic vehicles to carbon emissions is tiny, and that we are working to eliminate, through wise use, and renewable fuels or offsets, even that small amount.

### What can you do?

- Know how much carbon dioxide your historic vehicle actually emits each year
- Let your family, friends and colleagues know how little CO<sub>2</sub> your historic vehicle emits
- Support your peak bodies' efforts to inform regulators that historic vehicles are not the problem
- Ensure your club and other historic motoring events you attend adopt environmentally appropriate procedures
- Be aware of, and ready to use, suitable e-fuels
- Consider carbon offsetting for your vehicle/s – In 2023 the average historic motor vehicle can offset its total carbon emissions through ethical means for under \$20 per year.

Operating Heritage Australia supports a three-step approach to minimising carbon emissions from historic vehicles and machinery:

1. minimise use of fossil fuels
2. use renewable fuels where appropriate.
3. where no alternative is available, offset emissions by supporting projects that consume more carbon dioxide than we produce.
