PAST EVENTS

SEPT 28th-30th ANNUAL BIKE RALLY

The change in date made little difference to the numbers attending our annual Bike Rally, but here are a couple of minor tweaks which will improve next year's run.

Lunch and judging was on Sunday at the Manildra Bowling Club, riders arriving just on 12 noon before stowing gear, comparing notes, and wondering who had done what to their machine to make it run like it did.

There were bikes over 100 years old

and some a bit more modern

A very tidy outfit

and a Harley in American Military livery

Would this be called a Red Indian?

Nice chrome and bling

A couple of Dougies, one restored and the other found in a shed and tidied up a bit to get it on the road.

SEPT 23rd CLARENDON CLASSIC

Phil was amongst those who attended and it's refreshing to see some motors that don't burn petrol, or make our Veteran and Vintage Vehicles look like they are chasing a land speed record.

NEXT CLUB EVENTS

CENTRAL WEST CAR CLUB ACTIVITIES

MEETING CLOSE

CLUB DELEGATE

The Club needs a delegate to the CHMC Meetings, and observers may also attend. We need to advise CHMC of who the Delegate is, and how many other Club members will be attending.

Nominations will be taken at the coming meeting.

SAT NOV 23rd

PAMC REGISTRATION DAY

Similar operational arrangements to last year, but happening a few weeks earlier.

The Club's Registration day has been set as Saturday November 23rd.

This is the only Registration Day.

Although Registration renewals are most unlikely to have been received from TfNSW, the Club process can be carried out using the current (2024) registration papers.

Inspections will commence at 8.00am at Western Road Liners Depot in Danilenko St Parkes.

For safety reasons we will limit the numbers of vehicles in the Depot at any one time, with vehicles generally waiting parked in Danilenko St.

There will be a Marshall at the gate, and once the maximum numbers are inside, it will be a case of "one out, one in". Not all that different to what has happened for the past year or so.

Last year, concern was felt that only about one third of vehicles were presented on Registration day, the remainder being subject to individual inspections after the event. This is not in the spirit of having a Club Day and posts an additional and unwarranted load on the Club's Inspection team.

A suggestion has been made that Registration Day be expanded to be an occasion for Club day for family, fellowship and interaction, by having a barbecue conducted on the sidelines, and the day extended beyond the usual 11.00am closure. The idea proposes that, say, Bacon and Egg Rolls be served until about 9.30; morning tea until about 11.30; and a Sausage Sizzle from 11.30 onwards. Tea and Bickies could be available the whole day.

This would provide an opportunity for those with work commitments on Saturday morning to be present, together with allowing more time for those with a number of vehicles to get more than one or two inspected.

Vehicles registered under the Conditional Registration Scheme (club plates) must be inspected by Club Eligibility Committee members, even if a safety inspection is carried out elsewhere, such as at an TfNSW Authorised Inspection Station.

Vehicle Inspection is a valuable service provided by our voluntary Inspectors, and the advice they give is intended to be in the best interests of both the vehicle owner and the Club as a whole. Please make their job easier by doing your bit to check your vehicle's roadworthiness beforehand, particularly if your vehicle had an area of weakness pointed out last year. Should you have the safety inspection carried out at an Authorised Inspection Station or by prior arrangements with one of the Club's inspectors, make sure that either one of the inspectors has seen it, or is confident enough that it still conforms to HVS provisions before you get one of the "Responsible Persons" to sign off the TfNSW paperwork.

Notwithstanding any inspection, it is the driver's responsibility to ensure that a vehicle is in a safe condition to use at any time. Don't put our voluntary inspectors in the embarrassing position of having to recommend that your vehicle be knocked back because you didn't fix up something obvious, or not attended to something they have previously drawn to your attention.

RECENT RMS CHANGES

- We can now have more than one Responsible Person (the Club Member who can "sign off" on Registration documents).
- RMS requires us to have an Eligibility Committee, which checks any documents the authenticity of any vehicle proposed for the HVS.
- Police are prepared to take action against individuals who make false declarations relating to vehicle registrations. (Police have very limited ability to act against Clubs).

PAMC has procedures within its By Laws to document and provide a paper trail of its inspections of both vehicle eligibility and roadworthiness.

At the Annual General Meeting in November, there may need to be some minor additions or alterations to the people elected to oversee vehicle eligibility and roadworthiness and make the necessary certifications to TfNSW (the Registration Authority)

Contrary to notions held by many people involved in the Heritage Vehicle Movement, TfNSW/RMS can not take actions against individuals, only Clubs, What this means is that if a member transgresses the rules associated with the Historic Vehicle Scheme, it is a Police matter in the first instance.

TfNSW is aware of Police activities and can act against a Club (for example suspending eligibility to be part of HVS/CVS) where there appears to be repeat offenders in that particular Club.

Dear Club Secretary/Club Contact,

This is a follow up for "CHMC Rally 2025". Could you please distribute this information and attached "Entry Form" to all of your club members. Entries have been rolling in but it would be good if those that are coming and not entered could get an early nomination in so we can be better prepared with numbers when negotiating with our caterers.

Please email your entry to daac.rally@gmail.com

Please Find attached the Entry Form for the "CHMC Rally 2025", that will be located in Dubbo, NSW from Fri 28th to Mon 31st March 2025 and Hosted by Dubbo Antique Automobile Club (DAAC).

Meal and Function Forms will be available in the coming months, once all pricing and venues have been finalised. These Meal and Function Forms will be emailed directly to those that have sent in their Entry Forms and received their Rally Number.

Kind Regards

Steve & Anne Bassett
