CATERING FOR ALL VEHICLES OLDER THAN 31ST DECEMBER 1980 OF ORIGINAL DESIGN

Visitors from other clubs passing through Lismore & Casino are always welcome at our club outings and meetings. Meetings of the club are the SECOND WEDNESDAY of each month at the LISMORE WORKERS CLUB , Keen Street, Lismore at 7.30pm.

OPINIONS EXPRESSED IN THIS MAGAZINE ARE NOT NECESSARILY THOSE OF THE CLUB.

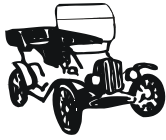

GUIDELINES FOR CONDITIONAL REGISTRATION (CLUB PLATES)

All NRVVCC members should familiarize themselves with the NSW RMS rules and club rules surrounding how to use your vehicles on Conditional registration, together with the requirement to carry certain documents in the vehicle whenever it is being used.

If you are on the log book trial, the RMS issued log book must be completed by the member before you use the vehicle for anything **other than** NRVVCC club outings. Vehicles **not on log book**, the member should phone/email the secretary when a movement is needed for anything **other than** club outings.

Any member with vehicles(s) conditionally registered through the NRVVCC and who do not attend a **minimum of three club events per calendar year** (not including registration day & meetings) may be asked by the committee to show cause as to why the club should sanction the renewal of their registration in the following year.

The Club cannot afford the risk of the system being abused and the subsequent loss of the benefits of these worthwhile concessions for other Club members.

MID WEEK OUTING 03-07-2019

Morning tea in the Memorial Park Coraki

It was a beautiful mild day for our run to Coraki. We arrived in the park at 9-30am to find seven of our members already settled under the shade of the park's table and seating. The park is a beautiful setting which recognises local residents who lost their lives during past World Wars. We had an enjoyable time discussing matters of interest over morning tea. Time seemed fly however and at approximately 11-30 we 'called it a day' and made our way home.

Members attending – C &N Loadsman – 1929 Chev. Tourer, G Hobbs – 1954 Holden, I&N Middleton -Modern, R Hick & F Bryant – 1969 Mustang, R&N Hambly - Modern. **EDITOR.**

Heritage Horse Power Weekend

We arrived at the showground at midday and joined with club members who had arrived early. Lunch was first on the agenda and with only one food outlet, patience was the best option for those waiting to get served.

There were eight vehicles from NRVVCC with their club banners displayed which let the public know who we are and where we came from, however the entire collection of vehicles on display attracted a lot of interest from the visiting public.

The stationary engines were also a great attraction, beautifully restored and all operating which were a great asset in times gone by where electricity was still a long way from farms and other outback industries.

Also of great attraction was the display of farm machinery from the past. The display of Ferguson Tractors was also of interest as my father once worked servicing these machines in the late 1950's & 60's.

The organisers of the weekend would have been delighted with the huge attraction from the visiting public as members of the public were still arriving as we were leaving at 2pm.

Members attending R Lovell – 1980 Ford Escort, J Hunt – 1961 Zephyr, C Loadsman – 1929 Chevrolet, R Hawkins – 1929 Dodge, G Gill – Ford F100, R Stuckey – 1963 Humber Vogue, B Clift – 1927 Chevrolet, N Boon – 1934 Ford Truck, G Lowrey – 1929 Studebaker, R & N Hambly - Modern

Early Days of Aviation in Lismore

The official opening of Lismore Airport has brought to light historical photographs of the early days of aviation in Lismore.

Included was this photograph from the albums of Mr A.R Dawes of Eltham. Taken in the early 1920's it shows one of the first planes to land at Lismore. The aircraft, an Avro piloted by Captain Percival, landed in a paddock on the Wyrallah road near where the squash courts are now located. The propeller was damaged by tall growing paspalum in the paddock which extended in front of St. Vincent's Hospital

BURRELL STEAM ENGINE

Manufactured by Noel Gill & Gordon Lowrey

The design originated from the Burrell Engine Manufacturing Co. in England. Gordon Lowrey who had dreamed of owning one of these engines, with Noel Gill, approached Col Grieve of Casino, who had built one of the engines, drew a set of plans for them to work to. Six years in the making and with Col's advice along the way everything began to take shape. However approximately 12 months ago Col Grieve passed away so the rest of the manufacturing process was left to working to plans and their engineering capability.

At last, after many hours of trial and error, and powering with compressed air, they had all levers & linkages operating as designed. The machine was to be displayed in Casino at the Heritage Horse Power weekend. The boiler was passed for inspection the day before.

Grandpa Earnshaw's Car

By Tom Judge

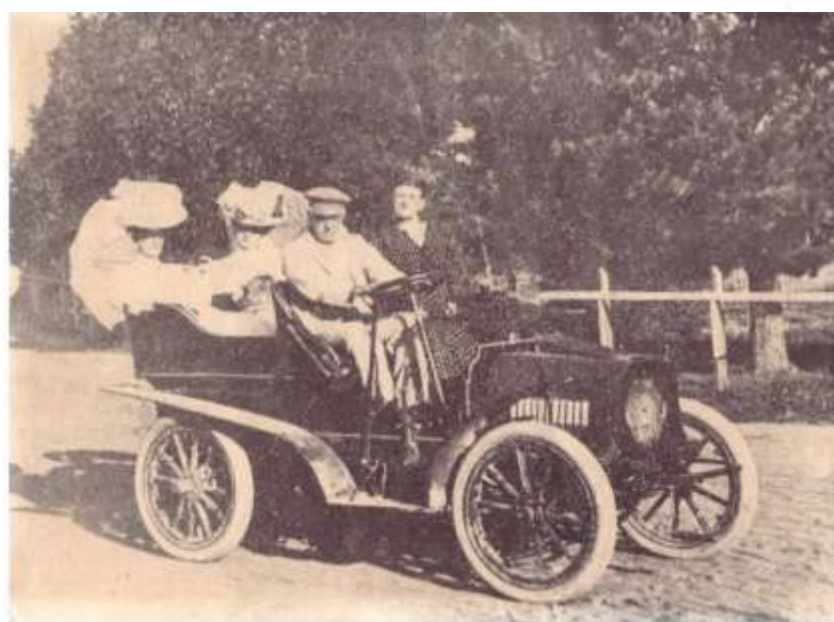

He started to build it in 1901 from plans he got from England and had it running in late 1902. I went down with him in 1903 to run electors to the pole for A&E Palmer, a flour miller from Euroa, who was the first Federal member for Echuca or Rodney Electorate and a personal friend of Grandpa.

Mr Palmer at that time had a Stanley steam car. Grandpa's car had a plate on the driver's side; Earnshaw Owner & Maker, Echuca. It was a single cylinder engine with coil ignition, powered by dry cells. It had a commutator similar to the ignition on a Model T Ford. I had a spare commutator in my possession for some time, but lost it.

After a period of time Grandpa built a Two Cylinder engine and put it in the car which was a four seat. I think George Judge has a photograph of it. I believe the car was sold to a station owner up near Hay, NSW. He afterwards had a Briscoe car (American) the agency for which was in Brisbane. This car he gave to Eric & Pearl.

Grandpa always said that there were only two kinds of people who should own motor cars, 'Millionaire's and damn fools.'

Grandpa also had an T.W.G motor bike for a while.

Jumpers & Jazz Festival Warwick- VMC

We travelled to Warwick on Friday morning, the land was all dry and dust with not many animals to be seen most of the way, on arrival we settled into our cabin. By the end of the day the park was full and happy hour was had.

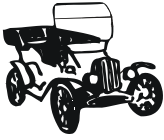

Friday night we caught the bus to the club for dinner and back for an early night, it was a bit chilly though.

Saturday morning (cold) it was an early start with a drive into the country for morning tea and on to Allora to take part in a parade for 150 years of Allora. The small town was packed with people, more cars from Warwick club and horses. After the parade we walked the town to look in the many shops. Dinner was also at the club which was enjoyable.

Sunday in Warwick was again an early start. We had to find our place to park for the display in the street. The town was extremely busy, we walked the town looking at the many displays of knitting and craft, all the trees in town were also decorated with different knitting & crocheting displays, jazz music also played throughout the city. After lunch it was off to the railway station where a jazz band played music while we waited for our train trip to Wheatvale, we had the electric engine as the steam engine had broken down the day before. The music was great and so was the train after arriving back it was time for happy hour and onto dinner at the RSL. All too soon the weekend was over and Monday morning we left early to travel back home, we all had a great weekend.
