OPINIONS EXPRESSED IN THIS MAGAZINE ARE NOT NECESSARILY THOSE OF THE CLUB.

GUIDELINES FOR CONDITIONAL REGISTRATION (CLUB PLATES)

All NRVCC members should familiarize themselves with the NSW RMS rules and club rules surrounding how to use your vehicles on Conditional registration, together with the requirement to carry certain documents in the vehicle whenever it is being used.

If you **are on the log book trial**, the RMS issued log book must be completed by the member before you use the vehicle for anything **other than** NRVCC club outings. Vehicles **not on log book**, the member should phone/email the secretary when a movement is needed for anything **other than** club outings.

Any member with vehicles(s) conditionally registered through the NRVCC and who do not attend a **minimum of three club events per calendar year** (not including registration day & meetings) may be asked by the committee to show cause as to why the club should sanction the renewal of their registration in the following year.

The Club cannot afford the risk of the system being abused and the subsequent loss of the benefits of these worthwhile concessions for other Club members.

Editor's Report

With another year coming to an end I would like to extend my thanks to those members who have taken the time to pass on features, interesting photos or material that would add variety to the Klaxon throughout the year. I also extend a big Thank You to Graeme Gill for keeping us supplied with ink cartridges for the copier at a very economical cost. Expenses producing the Klaxon would have been much higher if having to purchase locally.

I also wish to extend my thanks to our secretary Narelle Middleton for her valuable assistance throughout the years. Regardless whether in the secretarial position or not, Narelle has always been there assisting with finding ways to get around my loss of megabytes on my computer by sending out the online Klaxon and any other problems during the production of our magazine.

I would like to extend my thanks to Bob Trevan as well. Over almost fourteen years there has seldom been a Klaxon produced without input from Bob and not always about Ford's. Bob is moving on and his input will be missed especially during times of little club news. Only an Editor would notice the loss of input from these club members.

I would also like to extend our Thanks to our President, Chris Loadsman for his assistance in taking the time to send photos and documentaries of outings that Nancy & I couldn't attend. His and Narelle's assistance over the years has been greatly appreciated.

Nancy & I wish you all a Merry Christmas and may the coming New Year be kind to you all.

EDITORS – Ron & Nancy

Alstonville Show

We arrived at the gate at 11-30am to find most of our members taking part lined up on the left of the entrance, which was a much better location than on previous occasions with our vehicles lined up where the public could view them, also we could enjoy morning tea under the shade of trees.

Two of our members, Noel Gill & Gordon Lowrey also had their traction engine on display but remained stationary with other engines on display.

Later in the morning the 'Show Girl' contestants came around with their Supervisors to arrange their means of support on the various styles of vehicles. Sometime later, with show girl contestants on board we Lined up at the entrance and as soon as the horses found their way out, joined the procession without incident. After the ceremonies were complete, we drove the contestants out of the ring and called it a day.

A VISIT TO LISMORE BOTANIC GARDENS – 6th November, 2019

The sun was out, the ground was dry, and seven cars found their way to our very own Botanic Gardens. Up to the end of last century, Lismore was the largest Australian City without its own Botanic Gardens. However, an enthusiastic group was formed, eventually a site was found and our own gardens commenced. This is something we should all be proud of. This group, all volunteers, has converted a tangled web of weeds and degraded bushland into an environment worthy of a visit. A genuine rainforest, a hoop pine forest and different areas of local plants offer visitors intriguing walks for all to enjoy.

Following morning tea our group was shown a brief history of the garden's progress. After some discussion and question time we were taken on a guided tour through some of the gardens. None of the group had been there before, so I

hope they will come back, and maybe bring Christmas visitors as well. Although it is so dry at present the flowers are starting to bloom and are ready and waiting for rain.

Entry is free and the gardens are open whenever the "Tip" gates are open.

Thank you so much Marie and Tracey for making us welcome

A drop from the Council of Heritage Motor Clubs to keep you going

RMS affirmed several aspects of HVS and CVS during its meeting with the Historic and Classic Car Industry Working Group on 30th October:

- It will consult with stakeholders about further development of the Log Book, including detailed design of the format. Invitations will be sent out this month for workshops in December to consider design of a revised Log Book
- No matter what format is eventually used by Log Book operators, it will eventually require all details (including use) to be able to be recorded digitally within RMS.
- HVS is available **only to vehicles 30 years or older** with manufacturer's options or period accessories. Seat belts or trafficators are permitted. Mechanical or non-period body changes not offered for that model by the manufacturer such as :
 - Power steering
 - Power windows
 - Aftermarket seats
 - Disc Brakes
 - Alternative wheels from a different manufacturer
 - Intake and exhaust systems from a different manufacturerexclude a vehicle from HVS.
- RMS Compliance has advised that **it will continue to act** against breaches of vehicle HVS or CVS eligibility, and its website will soon enable such breaches to be reported directly.
- Alternatively, breaches may be reported to CHMC's RMS Liaison Officer (Peter Wright). Reports will need: Vehicle HVS or CVS registration number, date, location and photograph/s with description indicating noncompliance concern.

CHMC will celebrate its 50th Anniversary in conjunction with next year's half yearly General Meeting

- It will be held at Raymond Terrace on the weekend of 24th/25th October 2020.
- Heritage motorist and Cartoonist Warren Brown will feature as Guest Speaker
- Clubs are encouraged to plan a Club visit or tour to the area, either before, after, or spanning the celebration
- Council will keep members updated with further information regarding our upcoming anniversary
