GUIDELINES FOR CONCESSIONAL REGISTRATION (CLUB PLATES)

Member must be financial. Vehicle has to be at least thirty years old.

Vehicle must be inspected by the Club Registrar at least once each year (RMS pink slip is acceptable).

Minimum insurance cover of Third Party Property Damage. Full Comprehensive is recommended, proof of cover must be provided to Registrar prior to initial registration or renewal.

RMS has introduced a new program that will permit the use of approved vehicles for personal purposes for 60 days in the year, in addition to attendances at authorised Club Outings.

Owners will be required to maintain a Log Book showing the date, time and departure location for each day that the vehicle is used. *(Failure to maintain an accurate and up-to-date daily record could mean severe consequences for the member and our club!)*

Eligibility of your vehicle (s) may be reconsidered if the following vehicle attendances are not met :-

One Vehicle – Must attend three Club events each year.

Two Vehicles – One vehicle must attend one Club event & the other vehicle two Club events each year.

Three or more Vehicles – Each vehicle must attend one Club event each year.

Any variation from these rules, for acceptable legitimate reasons, will require prior Club approval.

Non-compliance can result in registration being cancelled. The Club cannot afford the risk of the system being abused and the subsequent loss of the benefits of these worthwhile concessions for other Club members.

REGISTRAR - Jason Crimmins 0423 042 271

CONCESSIONAL REGISTRATION DURING COVID19 RESTRICTIONS

Vehicles on Club Concessional Registration may still be used, as long as you have a valid reason, eg to go shopping or to medical appointments. Obviously it may be difficult for people to comply with the requirements in the current situation with travel being limited to essential travel only.

Also as we are unable to hold meetings or go on Club outings, liaising with the Club Registrar is more difficult. We suggest that if you need to contact the Registrar, you can telephone him on:

0423 042 071

or send your completed form with a stamped return address envelope to:

Jason Crimmins, Lot 105 Jersey Drive, North Casino NSW 2470

Please continue to complete your log book if you use your vehicle(s). We will address the attendance requirements in future editions of Accelerations.

PLEASE SUPPORT OUR CLUB SPONSORS WHEN YOU CAN

These businesses have all provided support for our Club, so please remember them when procuring goods and services. We understand that they are all still trading during these difficult times.

- ◆ INOX SUPREME LUBRICANTS
- ◆ SHANNONS
- ◆ CIRRUS AIRCRAFT
- ◆ BARLOWS OF BALLINA & BALLINA BOLT BARN
- ◆ ALSTONVILLE AUTOMOTIVE SERVICES
- ◆ PLATEAU TYRES

PLEASE also support this magazine by submitting photos, articles, jokes etc so that we can publish an entertaining read.

As President David Hughes has pointed out in his Report, it is amazing the adventures and experiences, car collections and restorations etc our Members can relate—just put some of this in writing and send it through, along with relevant photos if possible.

Thanks Fiona Gordon (Magazine Editor)

Presidents Report – April 2020

I sincerely hope that Members are all keeping your distance and therefore your good health!

There is precious little to report this month as far as Club activities are concerned, however your committee believes it is important to continue to publish the Magazine during this crisis.

What the Editor needs however are articles from Members which would be of interest to us all.

As an example (albeit that it may NOT be of interest to all), at the end of my Report there is an article about a trip that Robyn and I took some years ago to attend the National Jaguar Rally in Western Australia. But your article does not need to be about cars!

So, over the coming period of incubation Members can potentially expect to read articles about the Lismore Speedway, drag racing in the main streets of Ballina in the good old days, a car restoration project, perhaps a story about living in the Northern Territory and there are many Members who have travelled to some amazing places such as Mongolia!

You have fascinating stories to tell, so please take a bit of time to share them with all of us.

How many cars have you had in your life? Make a list, believe me it makes interesting reading. We would need a couple of issues of the Magazine to publish Jim Hodgsons list! Can you better 44?

Don't be shy, in the current climate there is no excuse not to have the time to write a short anecdote and send it to Fiona, so please get to it.

I do hope that not too many of you have been suffering from the so called "cabin fever" in these difficult times. On the positive side, the list of the many jobs that I have been putting off for years has reduced dramatically in the past month or so!

It seems highly unlikely that the current restrictions on gatherings, social distancing etc., will be lifted any time soon. Consequently Members can assume that the meeting scheduled for May 6th will NOT take place.

Finally.... Last night my wife sat down on the sofa next to me as I was flicking through the channels. She asked, "What's on the TV"?

I said, "Dust". And then the fight started...

When things settled down, my wife was hinting about what she wanted for her upcoming birthday.

She said, "I want something shiny that goes from 0 to 150 in about 3 seconds".

I bought her some scales! And then the fight started...

Keep smiling, safe and healthy, David H

Across the Nullabor

The 2020 National Jaguar Rally was due to be held in Western Australia at this time (March/April) this year. For the reasons we know only too well this event was also cancelled. The last WA Rally Robyn and I attended was in 2005 and I wrote the following article on our return from that trip.

The National Jaguar Rally in 2005 was held in Fremantle, Western Australia and Robyn and I decided to drive the E-Type to the West across the Nullabor Plain. This we did and what a great trip it was. We allowed ourselves 6 days to cover the 4,500 kms. We left in pouring rain and the car had never been out in the rain since I had owned it, fortunately the rain only lasted a day and that evening we stopped at Gunnedah. Our objective on the second day was to get to Broken Hill and we passed through mainly grain growing and sheep country which progressively gave way to a very arid and rocky landscape. We arrived at Broken Hill at about 6.00pm in the evening and stayed at the Royal Exchange Hotel, a beautifully restored art deco hotel in the middle of town.

On the 3rd day we headed across the outback into South Australia passing south of the Flinders Ranges and arriving for lunch at Port Augusta. Driving on we were headed for Ceduna at the eastern end of the Great Australian Bight, however we decided to detour into a town called Streaky Bay, which sounded like something of an oasis in the middle of nowhere and indeed it was. A small, isolated but very pleasant fishing village, where we stayed the night.

The next day we set off to cross the Nullabor Plain (from the Latin, meaning “no trees”!). The road actually follows only about 50 kms of the Plain, whereas the train passes through the middle of it. The vegetation along the road is more varied than expected, which helps to keep the interest up, along with counting the number of dead kangaroos! The road meets the coast in a few places passing some spectacular scenery with cliffs falling into the sea hundreds of metres below. We decided to stop at a roadhouse called Madura Pass, which had very acceptable food and lodging.

The following morning we started out driving through a dense desert fog, but fortunately it lifted after about an hour. The scenery was much the same as the previous day but the temperature was rising. When we arrived for lunch at Norseman it was 40C. We headed north then to the old mining town of Coolgardie and then west again to a town called Southern Cross (locally known affectionately as Suffering Cross!)

The locals said it was going to be a hot day so we left early with only 400kms to go to Perth, but I wanted to visit a small historic town called York where there is a motor museum. When we arrived at 11.30am it was already 40C in the shade. We had a quick look at the museum and around the town and then off to our destination of Fremantle without ado, because the E Type is not air-conditioned! The car had performed superbly up to this point, but as we entered the Perth city precincts we encountered what appeared to be every red traffic light so the fuel started to vaporise and some encouragement with the accelerator was needed when the traffic lights turned green. The car never stalled however and when we arrived at our hotel, in a rather limp state, we were told that the temperature had peaked at 43C. In the 6 days we had driven a distance of 4,404 kms from home to Fremantle.

I had entered the car in the Concours d'Etat, so it was a couple of days of cleaning, but also having a good look around Fremantle which had changed remarkably since the last time I had been there some 25 years before, the impetus for all the

development being the Americas Cup yacht races which had been held there in the late 1980's. We received a silver award for the car, and following the formalities of the Rally we were off again, this time with a number of others to tour the south west corner of Western Australia, including the Margaret River wine growing region.

The weather started out beautifully and for 3 days we had perfect touring weather, but then it changed dramatically. One week after arriving in 43C heat we had a day in Margaret River where the maximum temperature did not get above 15C! And it didn't stop there. We travelled on through driving rain and cyclonic winds, finally arriving in the city of Albany to experience their wettest day ever with some 300mm of rainfall recorded.

The tour concluded with a dinner before we drove back to Perth to have a relaxed day before we boarded the train back to Sydney. We had driven another 1,600km on the "Post Rally Tour".

The Indian Pacific train journey was a great way to wind down after all the driving and the social events and after 3 days and nights on the train we arrived in Sydney for the relatively "short" drive of 800kms home. The E Type didn't miss a beat (well a few in the heat of the west) and is comfortable to travel in and the 2+2 has the benefit of ample luggage space, compared to the other models. A great holiday.

NOTICES**Club Regalia**

If any members are interested we do have the following club regalia for sale:

Metal Car Grill Badges \$25.00; Cloth Badges \$8.00, Sticker Badges \$3.00

Club Name Badges

If any members wish to buy a club name badge, please contact Sue de Paauw. The badge has a small logo, your name and year of joining. You have the choice of a magnetic fastener (quite strong) or a more traditional pin fastener. The badges cost \$15.00 (pin fastener) or \$17.00 (magnetic fastener).

Club Shirts

There are two options for club shirts:

1. a button up chambray shirt (either short or long sleeve)
2. a grey polyester polo shirt

If any member wishes to purchase a shirt for use on club outings the procedure is as below:

Chambray Shirt:

Purchase the shirt from George Gooleys, Lismore; they have all the necessary sizes and can provide the best fit. Take the shirt to either Lismore Embroidery (83 Keen St) or to Daleys (21 Woodlark St) for embroidering of the logo.

Bring your receipt for the embroidery to the Treasurer and the club will refund \$5.00 towards the cost.

Grey Club Polo Shirts:

The club has purchased a supply of shirts (Sizes S, M, L and XL) as the manufacturer is discontinuing this line. See the Treasurer to check sizes and buy the shirt - price is \$25.00.

Embroidery of the club logo will be done by Lismore Embroidery (83 Keen St, Lismore) for \$10.00.

Please make sure you tell them to do the wording on the logo and name in white.

Bring your receipt to the Treasurer and the club will refund \$5.00 towards the cost.

Men Jokes

One day my housework-challenged husband decided to wash his Sweatshirt. Seconds after stepping into the laundry room he shouted 'What setting do I use on the washing machine?'

'It depends,' I replied 'What does it say on your shirt?'

He yelled back, ' Brisbane Broncos !'

And they say blondes are dumb...

A couple is lying in bed. The man says, 'I am going to make you the happiest woman in the world...'

The woman replies, 'I'll miss you.....'

'It's just too hot to wear clothes today,' Jack says as he stepped out of the shower. 'what would the neighbours would think if I mowed the lawn like this?'

'That I married you for your money,' she replied.

Q: What do you call an intelligent, good looking, sensitive man?

A: A rumour

Dear Lord,

I pray for Wisdom to understand my man; Love to forgive him; and Patience for his moods.

Because, Lord, if I pray for Strength, I'll beat him to death.

AMEN

Q: Why do little boys whine?

A: They are practising to be men.

Q: What do you call a handcuffed man?

A: Trustworthy. .

Q: What does it mean when a man is in your bed gasping for breath and calling your name?

A: You need to hold the pillow down longer.

Q: Why do men whistle when they are sitting on the toilet?

A: It helps them remember which end to wipe..

Q: How do you keep your husband from reading your e-mail?

A: Rename the email folder 'Instruction Manuals'

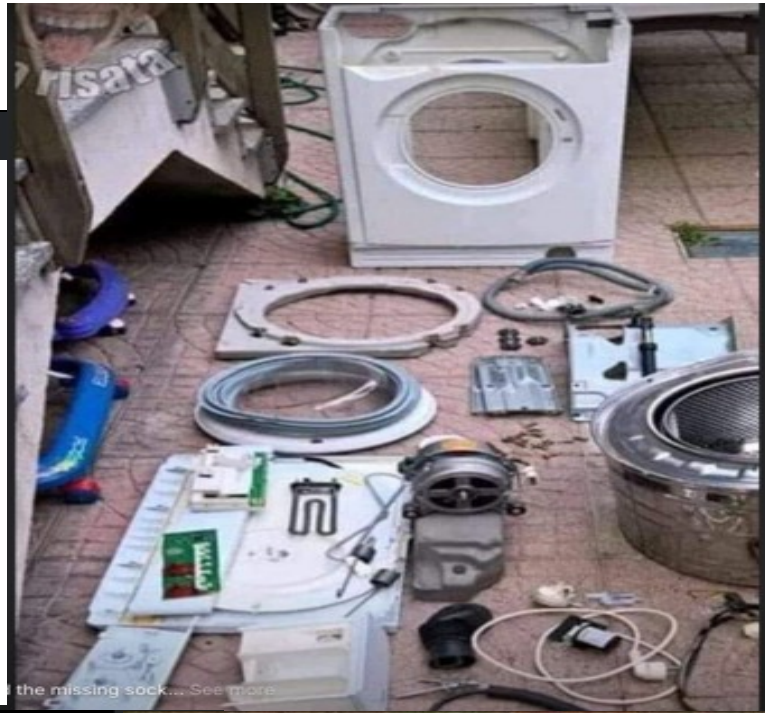

While creating husbands, God promised women that good and ideal husbands would be found in all corners of the world.....

.....then He made the earth round and laughed and laughed and laughed.

CAPTION

Day 9 of lockdown—I still can't find the missing sock...

"Quarantine Day 158: I've moved on to crocheting car cozies."

A GUIDE TO PUTTING YOUR CLOCKS BACK

	SMARTPHONE Leave it alone, it does its magic		SUNDIAL Move one house to the left
	OVEN You'll need a Masters in Electronic Engineering or a hammer		CAR RADIO Not worth it, wait six months

LIFE IN TODAY'S WORLD!!

- 2019: Stay away from negative people.
- 2020: Stay away from positive people.
- The world has turned upside down. Old folks are sneaking out of the house, and their kids are yelling at them to stay indoors!
- You think it's bad now? In 20 years our country will be run by people homeschooled by day drinkers.
- This virus has done what no woman has been able to do ... cancel all sports, shut down all bars, and keep men at home!!!
- Do not call the police on suspicious people in your neighborhood! Those are your neighbors without makeup and hair extensions!
- Since we can't eat out, now's the perfect time to eat better, get fit, and stay healthy. We're quarantined! Who are we trying to impress? We have snacks, we have sweatpants – I say we use them!
- Day 7 at home and the dog is looking at me like, "See? This is why I chew the furniture!"
- Does anyone know if we can take showers yet or should we just keep washing our hands???
- I never thought the comment "I wouldn't touch him/her with a 6 foot pole" would become a national policy, but here we are!
- Me: Alexa what's the weather this weekend? Alexa: It doesn't matter – you're not going anywhere.
- Can everyone please just follow the government instructions so we can knock out this coronavirus and be done?! I feel like a kindergartner who keeps losing more recess time because one or two kids can't follow directions.
- I swear my fridge just said "what the hell do you want now?"
- When this is over ... what meeting do I attend first ... Weight Watchers or AA?
- Quarantine has turned us into dogs. We roam the house all day looking for food. We are told "no" if we get too close to strangers, and we get really excited about car rides.

**Licensed LP Gas Installer/Repairer/Inspector**  
**Brake & Power Steering Hose Manufacturing • Cylinder Head & Engine Reconditioning**

Phone **6628 5711**

33 Northcott Crescent,  
Russellton Ind Est. Alstonville

MVRL 56836

With over 50 years combined experience, Mal, Seb and the team at Alstonville Automotive Services have the practiced knowledge and skills of repairing and maintaining carburetted and non-electronic ignition systems of Veteran, Vintage and Classic vehicles.

Alstonville Automotive Services can also perform all other engine repair or rebuilding services and offers a parts chemically cleaned and/or hot washed service for Veteran, Vintage and Classic vehicles.

### SPECIALIST ENGINE SERVICES INCLUDE

- Pressure testing cylinder heads
- Cylinder head reconditioning
- Surface milling
- Engine assembly
- Valve resetting
- Parts chemically cleaned and hot washed
- Thread repairs

### BRAKE HOSE MANUFACTURING

Alstonville Automotive Services custom manufactures in-house brake, clutch and power steering hoses to suit any vehicle to exact manufacturers specifications and Australian Design Rules (ADR) Standards. We use the latest technology provided by BrakeQuip Australia. Choose from OE (original equipment) Style, low profile or stainless braided hoses and fittings in a variety of colours to match your vehicle.

Alstonville Automotive Services offers this service at a competitive price to both the automotive trade and to the general public - we can also post nationally.

Alstonville Automotive Services can also manufacture stainless steel, copper zinc or OE Style brake and fuel pipes and hard lines.

**FOR SALE - 2009 Nissan 350z**

34,500kms

Never used as a daily driver hence the low mileage and the immaculate condition.

Engine V6 230kw (306hp), Auto 5 speed with rev matching in manual mode, LSD, A-C, P.S.

Handles as if on rails but still provides a comfortable ride on our less than perfect aussie roads.

Always covered and garaged.

Note. This car is a jump in drive and enjoy. No tinkering required!

\$19,950
